CHANDAN KUMAR

Chicago, IL 312-296-4209 |Ckumar5@hawk.illinoistech.edu | https://www.linkedin.com/in/chandnnn/ | Portfolio | GitHub: github.com/AgentQ1

SUMMARY

MBA graduate in Business Analytics with a cross-domain experience in Quant Finance, Ai product development, and data driven innovation. Traded 150k option portfolio, applying tail hedge strategy on the S&P 500 and back testing 200+ strategies in Python, SQL, and Tableau. Founded and launched 41Dayta, a privacy first CRM platform (20,000+ beta sign-ups) and built moomo.dev, a multilingual LLM platform with AI powered Word and PPT editor plus a dynamic news Portal. Skilled in SQL, Python, Tableau, UI/UX Design (Figma), and KPI tracking; passionate about leveraging analytics.

EDUCATION

Master of Law, A.I., Legal Innovation and Technology, GPA, 4.0
Chicago-Kent College of Law, Chicago, IL — JANUARY 2026

Master of Business Administration, Business Analytics, GPA, 3.3
Illinois Institute of Technology, Chicago, IL — JANUARY 2026

Bachelor of Business Administration, International Business, GPA 3.8
Amity University, Noida, IN — JUNE 2024

- Adelphi University, New York, — MAY 2023
- Birkbeck University, London — DECEMBER 2022
  Exchange Program

SKILLS

Law: AI for Law & legal analytics, Legal project management & Lean/Six Sigma, American legal system, Communication & advocacy
Technology: SQL, Python, Node.js, R, SAS, Swift, Figma, Firebase, Notion, GitHub, Tableau, GCP, i18n
Business: Data Visualization, KPI Tracking, Dashboard Creation
Product: UI/UX Design, Wireframing, MVP Launch

WORK EXPERIENCE

Product Development Executive
Moomo.dev, Chicago, United State — JAN 2025 – PRESENT

- Built Multilingual LLM platform enabling real time conversation in any language.
- Developed Moomo.Dev (AI Word Editor) to generate research papers and reports from prompt and moomo.ppt (AI PPT Editor) to auto create presentations.
- Launched Moomo. News, a dynamic news Portal integrating AI-curated Updates.
- Designed intuitive UI/UX, optimized performance 30% Faster Load times than google Gemini.

Options Trader & Strategy Analyst
Proprietary Option Trading, London, United Kingdom — JUN 2021 – DEC 2023

- Traded equity option with a 150K portfolio, applying tail hedge strategy on the S&P 500, analyzing beta exposures and volatility surfaces, and back-testing 200+ strategies in Python, SQL and tableau to Optimize risk-adjusted returns.

PROJECT

Airlines Customer Clustering Analysis
Data Science/Machine Learning

- Conducted customer segmentation for East West Airlines using hierarchical and k-means clustering on 3 999 passenger records, delivering targeted marketing strategies for four distinct segments and improving engagement.

On-Device LLM Inference Engine
Enterprise AI Infrastructure

- Designed and implemented a **hardware-agnostic framework** supporting Rust, C++, Go and Python for deploying large language models on edge devices and distributed compute environments.
- Built a hardware abstraction layer to leverage CPU, GPU, NPU and TPU acceleration, **reducing latency** and cloud dependency for enterprise LLM workloads.

Moomo iOS
Moomo AI Assistant

- Built multiple iterations of voice-enabled AI assistants and chat interfaces using Swift, JavaScript and Firebase; achieved **50–80 % performance improvements** and cost reductions by optimising API usage and storage; implemented speech-to-text, multilingual support and robust user authentication.

Teach For America ML framework
Predictive-analytics

- Developed a full ML pipeline in R that ingested 74k+ candidate records, engineered features and evaluated six classification algorithms (logistic regression, decision tree, kNN, ANN, random forest, SVM) on an 80/20 train-test split with cross-validation.
- Automated candidate scoring replacing manual review workflows and reducing evaluation time from days to minutes.

HONORS AND SOCIETY

- Alpha Sigma Phi $(\Lambda\Sigma\Phi)$, Member – Illinois Institute of Technology. — June 2025
- Best Student Award, Birkbeck University (London)Presented by Graham Bolton. — March 2023
- Gold Medal in Marathon at Amity education group (New York) Championship. — May 2023

INTERSETS: Edge AI, serverless architectures, game theory, digital product design and community open-source development.
